

# UMAIR ANSARI

Nashik/+91 9657457443 / [ansariumair.it@gmail.com](mailto:ansariumair.it@gmail.com) / [LinkedIn](#) / [GitHub](#)

## PROFESSIONAL SUMMARY

A Motivated Full-Stack Developer with hands-on experience in designing, developing, and maintaining software solutions for web-based applications. Skilled in creating robust, testable code and implementing CI/CD practices to ensure smooth deployment and integration. Proficient in backend development with Java and Node.js, along with frontend expertise in React.js and HTML and CSS. Strong communicator, collaborating effectively with clients to understand project requirements and deliver solutions that exceed expectations. Committed to continuous learning and improvement in software development practices.

## EDUCATION

- **SND College of Engineering and Research Center Yeola, India** **CGPA: 8.45**  
Bachelor of Engineering (Information Technology Engineering), 2024  
**Coursework:** Data Structure, Web Development, Software Testing, SDLC, Operating Systems, DBMS

## WORK EXPERIENCE

- **Software Engineer Intern, Bitmap Technology PVT LTD, Pune** **Feb 2024 – Jun 2024**
  - Developed and maintained web applications using Java, Spring Boot, and React.js, ensuring responsive design and optimal user experience.
  - Collaborated with cross-functional teams to implement RESTful APIs, enhancing system integration and improving data flow between front-end and back-end components.
  - Participated in Agile development processes, conducting code reviews and contributing to continuous integration and deployment (CI/CD) practices to streamline development cycles.
- **Software Developer Intern, Cyphersa Softwares LLP, Nashik** **April 2023 – December 2023**
  - Configured and tested systems using proprietary tools to align with client requirements.
  - Developed front-end components using HTML, CSS, and JavaScript, improving user experience and boosting conversion rates by 10%.
  - Designed responsive user interfaces, integrated RESTful APIs, and collaborated with cross-functional teams to define and implement new features.
  - Communicated effectively with clients to gather project requirements, throughout the development process.

## PROJECTS

- **E-commerce Platform :**
  - i) Created a scalable e-commerce website utilizing **Java, Spring MVC, and React.js**.
  - ii) Integrated payment gateways and built a shopping cart feature with user authentication.
  - iii) Employed **Docker** for containerization and **Jenkins** for continuous integration and deployment.
- **Task Management Application :**
  - i) Developed a full-stack task management application using **Node js** for the backend and **React.js** for the frontend.
  - ii) Implemented user authentication, task categorization, and a drag-and-drop interface for task organization.
  - iii) Utilized MYSQL for data storage and integrated RESTful APIs for communication between frontend and backend.

## TECHNICAL SKILLS

- **Programming Languages:** Java (Proficient), C++, Python
- **Frontend Development:** HTML, CSS, JavaScript, Tailwind CSS, React.js, Bootstrap
- **Backend Development:** Node.js, RESTful APIs, Spring Boot
- **Databases:** SQL, MySQL, MongoDB
- **Software Development Life Cycle (SDLC):** Agile Methodologies, Scrum
- **Soft Skills:** Communication, Collaboration, Time Management, Problem-Solving
- **Development Tools:** IntelliJ, VS Code, Git, Eclipse, GitHub, JIRA, Docker, Jenkins (CI/CD)
- **Others:** Micro-services Architecture, Cloud Services (AWS), Data Structures, OOP

## HONORS AND AWARDS

- Programming Data Structure and Algorithm using JAVA (UDEMY)
- JAVA Core Training Certificate by Besant Technologies.
- Full-Stack Development Bootcamp Certificate ( UDEMY)
